University in **GALICIA** (NW **Spain**)

3 campus in 3 cities (Vigo, Ourense & Pontevedra)

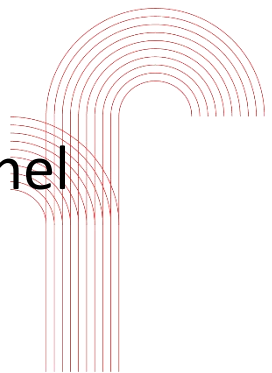

25 (+7) Faculties + **9** technological research centers and institutes

47 departments working in **140** areas of knowledge (thematic areas)

118 University Degrees (56 Bsc + 67 Msc) + **44** PhD Programs

20.282 students + **1.501** Teaching Staff + **928** Researchers + **818** Admin. personnel

GALICIA

GALITZIA

Forestry Faculty of Pontevedra
(University of VIGO)

The Region of Galicia produces 50-55 % of Spanish roundwood fellings

In Galicia there is 98% private ownership
(2/3 of it is Family Forestry)

Live the Experience of the Way of Saint James / Camino de Santiago

More than 300,000 people a year travel the oldest pilgrimage route in Europe on foot, by bicycle or on horseback. Choose your way of living the Way.

Pontevedra: an Awarded City for its Quality of Life and Environment

Pontevedra. UN-Habitat

UN-Habitat is a United Nations programme that promotes socially and ecologically sustainable cities. In 2014, [Pontevedra](#) won this award due to its continuous improvement of individual quality of life. More than 75% of the area in this Galician city is for pedestrian use, greatly reducing CO2 emissions. Did you know that the city is also committed to composting? It is already close to composting 15% of the waste it generates. Within the city, you will find several river paths where the banks of the rivers create corners in which to relax and enjoy nature. Or discover all its natural surroundings through the paddle surf routes. And don't forget to try Pontevedra's gastronomy, based on local products.

Centro certificado
FIDES-AUDIT

BsC in Forest Engineering (Bsc – EQF6)

Speciality in Forest Management

Speciality in Forest Industries

200 students + 30 Lecturers (full and part time associated)

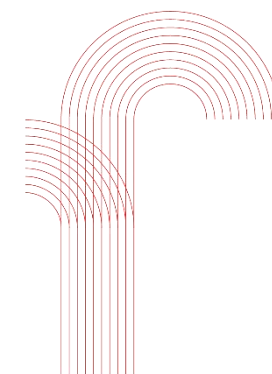

MSc Forest Fires MASTERFUEGO (with Univ. Lleida, Univ. Leon & U.P. Valencia)

MSc Health and Safety (with Industrial Engineering School UVIGO)

MSc Project Management

2 PhD Programs

Creativity, Innovation and Sustainability
Cultural and Natural Heritage Protection

ÍNDICE:

- General Infrastructure.
- Field trips and teaching “in the forest”.
- Pontevedra Forestry Pole
- Green Campus

Labs and Workshops

- Physics Laboratory
- Topography and GIS Laboratory
- Soil Science Laboratory
- Electrical Engineering Laboratory
- Forest Fire Laboratory
- Forest Hydraulics and Hydrology Laboratory
- Mechanical Engineering Laboratory
- Ecology Laboratory
- Chemical Engineering Laboratory
- Plant Production Laboratory
- Forest Laboratory
- Projects Classroom
- Computer laboratories.
- Laboratory of Silviculture and Afforestation
- Laboratory of Forest Mensuration and Forest Management
- Environmental Engineering Laboratory
- Grazing and pastures Laboratory
- Laboratory of Cartography and Remote Sensing
- Xiloteca (wood collection)
- Workshop / Laboratory of Mechanical Transformation of Wood
- Laboratory of Chemical Transformation of Wood
- Xyloenergetic Laboratory (Wood Energy Transformation) + Pellet Pilot Plant

Study Plan:

Physics I	Forest Management and Forest Planning
Fundamentals of Business Economics	Forest Exploitation and Logging
Graphic Expression and Cartography	Forest Biometrics and Forest Inventory
Mathematics and Computer Science	Forest Hydrology
Advanced Mathematics	Wood Energy (Xiloenergetics)
Physics II	Reforestation
Plant Biology	Wood Technology
Chemistry	Environmental Engineering
Forest Zoology and Entomology	Forest Pathology and Pests
Statistics	Primary Wood Processing Industries
Botany	Innovation and Product Development in the Forest Industry
Electrotechnics and Rural Electrification	Physical Planning and Land Use Management
Soil Science (Edaphology)	Agroforestry Systems (Silvopasture)
Topography, Remote Sensing, and GIS	Game and Fish Management
Silviculture	Drying Technology and Wood Preservation
Hydraulics	Industrial Organization and Processes in the Wood Industry
Forest Ecology	Forest Fires
Environmental Impact	Quality Control and Occupational Risk Prevention in Forest Industry
Forest Constructions	Management of Protected Areas and Biodiversity
Forest Machinery	Chemical Wood Industries, Pulp, and Paper
Forest Legislation and Certification	External Internships: Company Internships
Projects	Bachelor's Thesis

Though usually subjects are taught in Spanish / Galician any mobility student can request English adaptation and support or a personal supervised work in English. Also practical training in English is offered in the research groups in the faculty

ÍNDICE:

- Infrastructure.
- Field trips and teaching “in the forest”.
- Pontevedra Forestry Pole

In the city of Pontevedra there are several forest-related Institutions and centers:

- Forestry Faculty (UVIGO)
- Regional Forest Research Centre
- Phytopathological Station
- Vocational School in Forestry
- Biological Research Centre

- Escuela Ingenieria Forestal (...)
- CIF LOURIZA (CMR-XUNTA)
- E.F. AREEIRO (DEPO)
- CEFA LOURIZAN (EDU-XUNT...)
- MISION BIOLÓGICA (CSIC)
