UTM1140 Wildlife ecology	M	7.5
Sum (30 total)		30

The english courses in bachelor level offered spring semester 2026.

The courses are most often not built on the same concept.

Bachelor Forestry – Ulnn Campus Evenstad

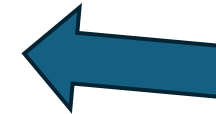

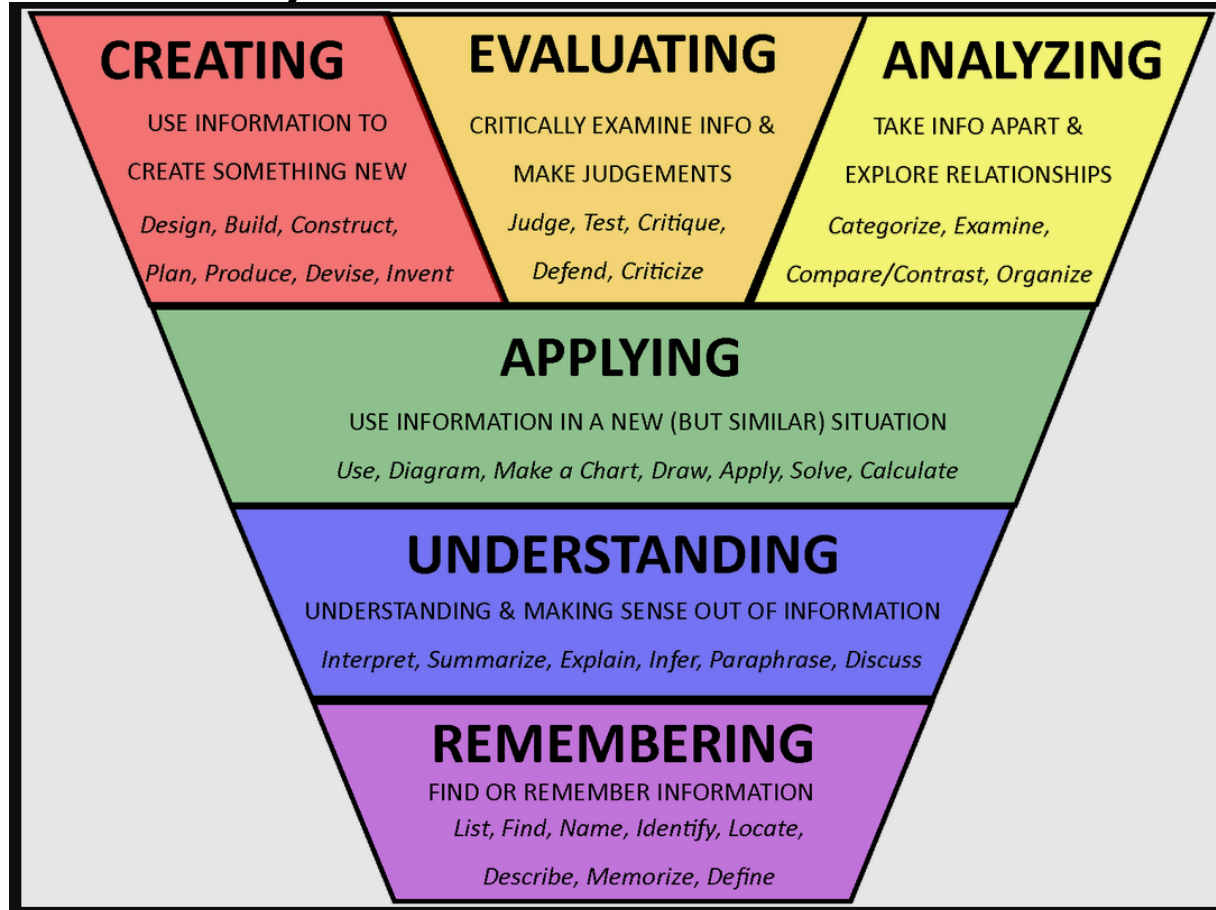

- We have tried to build up a stepwise approach for increased use of PBL principles in the courses
- A large challenge is then the need of involving almost all of the teaching personel in the ideas of PBL
- We have to admit; to build courses on top of each other making a good progression might be tricky

To be honest; there will always be a unpleasant difference between

- what we teach
- and what people actually learn

The transformation from the college to the higher education system (From the basis of Bloom)

Content & setting

- I think we might take a look at <https://www.inn.no/english/study-options/our-studies/>
- Commercial video half \n half with english translation text:
https://www.youtube.com/watch?v=7JA_xEP7X08

We want our students to have a happy stay at Campus
Evenstad !

Thank you for the
attention !
